

V. Vendors

Most of the vendors listed in this section recognize the purchasing cooperative known as SCOOP. The Maine Regional Library System (MRLS) created this cooperative to help member libraries purchase specified materials at the best possible price and in a timely manner. The types of items included are those typically kept in stock by traditional print, multi-media, library furniture, equipment and supply wholesalers who sell to libraries and bookstores. This coop does not include subscriptions or any materials that require a license. The discount rates vary from vendor to vendor, so please check with each vendor to determine your discount. You must have established your membership with the vendor in order to receive the discount or note this on your purchase order.

All members of the Maine Regional Library System are SCOOP Members. MRLS members are listed on the library's District websites:
